SUBJECT: DOD Purchase Card Program Training – NAF

For the past two years, the Defense Acquisition University (DAU) on-line Purchase Card Training module has been designated as mandatory training for Government Purchase Cardholder, Approving Official, and Billing Official nominees, prior to issuance of purchase cards. The DAU training can be accessed at [http://clc.dau.mil/kc/no\\_login/portal.asp](http://clc.dau.mil/kc/no_login/portal.asp) and remains mandatory for all purchase card program participants, with the exception of Nonappropriated Fund (NAF) participants.

NAF purchase card program participants are required to complete either the DAU training described above or the purchase card training module(s) maintained by the General Services Administration (GSA) prior to issuance of purchase cards. In addition, the sponsoring NAF organization is required to maintain adequate records of initial and refresher training provided to its purchase card program officials for review by cognizant internal review and audit organizations. The GSA training modules can be accessed at <http://www.gsa.gov/Portal/gsa/ep/contentView.do?contentId=13024&contentType=GSA> OVERVIEW.

Regardless of the source selected to meet the DoD mandatory training requirement, training must be augmented by Military Department training specific to NAF procedures. To assist in this endeavor, the Department of Navy e-Business Operations Office has developed specific training for Navy NAF activities, and is also available to all NAF Agency/Organization Program Coordinators for assistance in meeting their training needs. The Navy training can be found at

The Navy training can be easily tailored and will minimize the time required to adequately augment the GSA training.
