MEMORANDUM FOR ALMAJCOM/FOA/DRU (CONTRACTING)

FROM: SAF/AQC
1060 Air Force Pentagon
Washington, DC 20330-1060

SUBJECT: Anti-Terrorism Initiative Between Air Force Office of Special Investigations
(AFOSI) and Air Force Contracting

The attached Memorandum of Agreement (MOA) reflects our growing partnership with the AFOSI to continually improve the security of our facilities and our people. We are now collaborating with the AFOSI on a new anti-terrorism initiative.

Terrorists and others who might do harm to the United States could use our contractors and their access to our facilities to threaten and attack our operations. Vigilance is the first line of defense. The AFOSI has agreed to provide terrorism awareness information to our contracting offices and defense contractors. The AFOSI will provide information on the vulnerabilities and risks facing each installation. They will also provide tools and sources that help mitigate those risks. Much of their assistance will come through their Eagle Eyes Program and their Talon reports.

I solicit the full support of all Air Force contracting organizations and all of our contracting professionals to make this a true success. Develop close working relationships with your local AFOSI field detachments to establish education and awareness programs as countermeasures to the terrorist threat. Request Eagle Eyes briefings for contracting personnel, customers, and contractors. Share information with each other and support each other closely.

Questions of a contracting nature may be directed to Lt Col Steve Smith, SAF/AQCP, (703) 588-7058.
