

AQC On Point

Mr. Charlie E. Williams, Jr.

Policy Implementation & Training Team

I am committed to leveraging the great work being done across Air Force contracting and have established a diverse Policy Implementation & Training Team (ITT) to work together on my vision of empowering an efficient and knowledgeable contracting workforce with rapid access to focused on-demand training and tools. The ITT is an important collaboration between my policy staff and you. Each MAJCOM, FOA and DRU has a representative member appointed to the team. A list of team members will be posted on the SAF/AQC homepage within the *Contracting Policy* section at *Implementation & Training Team*.

The ITT will focus on implementing necessary training and guidance for emerging contracting policy matters and will ensure that we have good training tools to fill existing training gaps. The ITT is already identifying and developing useful contracting tools to post to a new enhanced on-line AFFARS, providing a centralized "one-stop shop" for focused information.

Our contracting workforce deserves to have quality tools readily available to accomplish our important mission in an agile acquisition environment. I'm confident that with your support the ITT will make a significant difference in improving our contracting policy implementation, training and tools. I'm enlisting everyone's help in identifying great training resources and contracting tools to the ITT representatives, who will ensure the best are shared Air Force-wide. I expect my Air Force contracting leadership to provide strong support to this undertaking.

It's a time of great changes for the Air Force, and for Air Force Contracting. The time is right for a program of this nature and I have great expectations of its success!

Charlie E. Williams, Jr.
Deputy Assistant Secretary (Contracting)
Assistant Secretary (Acquisition)
